Report	On 15th of Feburary 2023, ICT skill Development programme was initiated by Mr. R SaiKumar, Chairman of R S Academy, Coimbatore for the students of BCA semester 1 (2022 admission).. About the event: In the Internet of Things IoT based smart farming, a system is built for monitoring the crop field with the help of sensors like light, humidity, temperature, soil moisture etc and automating the irrigation system. IoT is an integration of several technologies such as sensors, actuators, embedded system, networks, wireless communications and web technologies. Following topics were covered in the seminar like Implementation of IoT agriculture, How can IoT help in agriculture, Benefits of IoT in agriculture, Challenges, Future Scope, Can IoT work without Internet, Its advantage and disadvantages. 60 participants turned up in the Seminar. The Event began at 11.15 am . The event started with the welcome note by Mrs Sunandha Rajgopal. After the inauguration speech,The HOD of Computer Application department Mr. Roji Thomas introduced the profile of the resource person to the students. Mr Sai Kumar took the session, basically illustrated that not only IoT can be used in urban sector, rural sector can also use this very effectively .The session continued for around 1 hour The session was monitored by Ms. Binny.S The session was followed by a Vote of Thanks.
