KRISTU JYOTI COLLEGE OF MANAGEMENT AND TECHNOLOGY, POST  
GRADUATE DEPARTMENT OF COMMERCE CHETHIPUZHA  
CHANGANACHERRY, KERALA  
686104 INDIA

Dear M/S. KRISTU JYOTI COLLEGE OF MANAGEMENT AND TECHNOLOGY,

Thank you for being a part of the SOS India Family and supporting our campaign #TheMostPowerfulButton. This button represents the Donate button, and as the name suggests, it ensures positive change in the lives of the most vulnerable children by empowering them.

There are more than 2 crore children in India, who do not receive adequate parental care or are at a high risk of abandonment. This number is estimated to rise to approximately 2.4 crores by the year 2022, and beyond. Keeping this serious challenge in mind, we have impacted the lives of more than 45,000 children, and strive to reach out to many more, ensuring wholesome child development.

YOU serve as an integral part of the change we all wish to see for children, communities and the nation at large. Thank you, once again, for being a part of this endeavour of bringing about positive and sustainable change for one and all.

For any transactional queries related to donations please contact:

SOS Children's Villages of India, Plot Number 4, Block C-1, Institutional Area, Nelson Mandela Marg, Vasant Kunj, New Delhi-110 070.

Ph: 011- 4323 9264.

To  
M/S. KRISTU JYOTHI COLLEGE OF MANAGEMENT AND TECHNOLOGY  
POST GRADUATE DEPARTMENT OF COMMERCE  
CHETHIPUZHA  
CHANGANASSERY - 686104

Greetings from SOS Children's Villages of India - Cochin

We are very pleased to thank each one of you for your efforts in making the education of our needy children in SOS Children's Village possible. The money that you invest in the lives of parentless and abandoned children, not only gives them a new lease of life and a fresh chance to grow in a long term family based care, but also facilitates us to pay attention to their all-inclusive growth and development.

We believe we can count on you for long term support. After all, our children also deserves a second chance!

Thank You

Jagadeesh Kumar  
Regional Head - South  
SOS Childrens Villages of India

## Arduino@20 days with Arduino by talk and work

The Arduino@20 event was a grand celebration of Arduino's 20th birthday, where INOVUS LABS IEDC was honored to be one of the nine organizers from Kerala in collaboration with Arduino. Partnering with Unique World Robotics, we welcomed Akhil R. Gomez, who led engaging sessions on the future of robotics. The first day sparked curiosity with insightful discussions, while the second day provided participants with a hands-on Arduino experience, empowering them to experiment and innovate. The event was a true tribute to Arduino's legacy, inspiring young minds to explore technology, creativity, and entrepreneurship.

The feedback from the participants was overwhelmingly positive, highlighting the event's impact in **sparkling curiosity and hands-on learning**. Despite coming from **diverse academic backgrounds** such as **BCA, MCA, B.Com, and BSW**, attendees eagerly engaged with **Arduino**, stepping beyond their regular syllabus. The sessions not only provided them with a **new learning experience** but also instilled a **genuine interest in technology and innovation**. Seeing participants **experiment, explore, and enjoy the process** reinforced the event's success in **fostering curiosity and practical learning**.

### IoT, Robotics & AI Workshop (Assumption College Autonomous)

On July 23, 2024, Assumption College Autonomous hosted a one-day workshop on IoT, Robotics, and AI for BCA students, conducted by Inovus Labs IEDC. The workshop included informative sessions covering the basics and applications of IoT, robotics, and AI. These sessions provided students with theoretical knowledge and real-world examples, enhancing their understanding of these technologies. The workshop successfully provided foundational knowledge and inspiration for students to delve deeper into these emerging technologies.

The workshop on IoT, Robotics, and AI successfully achieved its objectives by providing BCA students with foundational knowledge and insights into these cutting-edge technologies. Students gained a clearer understanding of the theoretical concepts and practical applications of IoT, robotics, and AI, which are increasingly relevant in today's tech-driven world. The engaging sessions fostered a deeper interest in these fields, motivating students to pursue further studies and projects related to these technologies. Additionally, the workshop enhanced students' confidence in their ability to grasp and apply complex technological concepts, equipping them with valuable skills for their future careers.

### StepOne Arduino Workshop

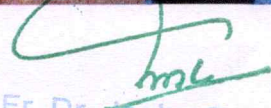

**StepOne Arduino Workshop**, an initiative by INOVUS LABS IEDC, was conducted at Kristu Jyoti College of Management and Technology on August 2, 2024. The workshop saw enthusiastic participation from students across various courses. The event aimed to introduce students to the basics of electronics, IoT, and embedded systems, providing them with practical, hands-on learning experiences. Students engaged in creating basic and advanced Arduino projects, enhancing their understanding and skills in IoT applications.

### Product Launch - Herba Soap

Inovus Labs organized the Herba Product Launch as a key fundraising activity to support the development of an innovative electric bike project. Students, demonstrating significant entrepreneurial spirit and creativity, meticulously crafted a range of handmade natural soaps, collectively branded as "Herba." This initiative not only served as a vital fundraising tool but also provided a platform to promote sustainable practices and environmentally conscious consumerism. The event showcased the students' commitment to both environmental responsibility and ingenious product development, further highlighting the unique blend of practicality and creativity inherent in the Inovus Labs ethos. The carefully curated selection of Herba soaps, each reflecting unique formulations and fragrances, attracted significant attention and proved highly popular among attendees.

## ESP32 Nexus

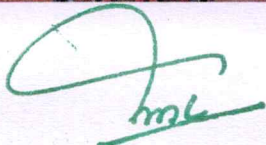

The ESP32 Nexus workshop, hosted by LBSITW college, featured Badhusha Shaji, CEO & co-founder of DevMorphix and CTO of Inovus Labs IEDC, as the key speaker. The workshop provided a comprehensive introduction to the ESP32 microcontroller, a popular and versatile platform for embedded systems development. Participants received hands-on experience with the ESP32 board and were introduced to the fundamentals of embedded C programming, a crucial language for interacting with hardware at a low level. The session covered essential concepts such as setting up the development environment, writing basic programs to control various functionalities of the ESP32 (GPIO, Timers, etc), interfacing sensors, and troubleshooting common issues. The workshop aimed to equip participants with a foundational understanding of embedded systems and the capabilities of the ESP32.

## Biznova – Innovate, Create , Elevate

BizNova was an event conducted by INOVUS LABS to foster entrepreneurial skills among students, successfully engaging 100 participants. The event guided students through the entrepreneurial journey—from identifying real-world problems to developing market-ready solutions—helping them think like innovators and business leaders. The jigsaw puzzle challenge introduced an element of unpredictability, requiring teams to adapt quickly, much like navigating a dynamic startup environment. In the final sales pitch round, participants honed their ability to market a product effectively, mirroring how businesses attract investors and customers. With limited time and resources, BizNova emphasized resilience, creativity, and strategic decision-making—key traits of any successful entrepreneur.

### Zephyr 3.0

Zypher 3.0 was not just a showcase of science and technology but also a celebration of innovation and entrepreneurship. A few enterprising students took this opportunity to bring their own handcrafted products—soaps, candles, bulbs, and more—demonstrating creativity and business acumen. Meanwhile, others showcased impressive projects, ranging from cutting-edge technology to creative problem-solving solutions, captivating the audience with their ingenuity. The event buzzed with energy as students turned ideas into reality, making Zypher 3.0 a grand success and reinforcing the culture of innovation at our institution.
