KRISTU JYOTI COLLEGE OF MANAGEMENT AND TECHNOLOGY

Affiliated to M G University & approved by AICTE An ISO 9001-2015 Certified Institution

Designed for
Accomplishment
Engineered for
Success

The Founder of CMI Congregation
ST KURIAKOSE ELIAS CHAVARA
(1805 - 1871)

Vision

Empowering students to meet needs of the society by focusing on academic, technological and professional excellence.

Mission

To provide quality education through an effective teaching - learning process, skill development and integrated personal progression.

KRISTU JYOTI GROUP

Kristu Jyoti Group of educational institutions are owned and administered by Sacred Heart Monastery, Chethipuzha, Kerala that falls under St Joseph's Province, Thiruvananthapuram of the Congregation of CMI (Carmelites of Mary Immaculate). Designed as co-educational centres of Education, the institutions include pre-schools, primary schools, secondary schools under various Boards of Secondary Education and a University affiliated college. The tradition here is spun with candid niceties where we aspire to inspire the learner to sublime thoughts and intellectual pursuits. The institution primarily focuses on the character formation of the students along with their holistic developments.

Kristu Jyoti College of Management and Technology is NAAC accredited with an A Grade (CGPA 3.17) in the First Cycle (2024). It is a UGC Recognized institution under Section 2(f) and ISO 9001 : 2015 certified. The college is affiliated to Mahatma Gandhi University and approved by the All India Council for Technical Education (AICTE), New Delhi. With 23 years of academic excellence, we have obtained 211 University Ranks in both postgraduate and undergraduate programs. The Institution Innovation Council (IIC) at KJCMT has been awarded a 3.5 rating by the Ministry of Education Innovation Cell (Government of India). KJCMT has also been awarded the Green Institution Certificate with an A+ grade by the Kerala State Haritha Keralam Mission. Additionally, KJCMT is ranked in the 101-150 band in the KIRF rankings. The College that came into existence in the year 2002 does have Post Graduate Programmes such as MCA, MCom (Finance & Taxation), MSc Psychology, MA HRM, MSW and Undergraduate Honours Programmes such as BBA, BCA, BSW, B.Sc. Psychology, B.Sc. Geology, B.Sc. Cyber Forensics, B.Com Finance & Taxation, B.Com Logistics Management & Marketing and B.Com Accounting. Currently, Kristu Jyoti College has more than 1700 students, 85 teaching staff, and 26 non-teaching staff, all working tirelessly for the betterment of the institution.

Today, Kristu Jyoti College stands as a shining example of academic excellence and innovative teaching. The programs and policies at the college align with the National Education Policy 2020, placing special emphasis on Sustainable Development Goals (SDGs), cross-cutting issues, and Indian Knowledge Systems, while also ensuring that academics meet industrial needs. The college is at the forefront of fostering innovative pathways for students, equipping them with the necessary employment skills to meet the demands of the present time.

MCA

MASTER OF COMPUTER APPLICATION

Intake : 60 seats

The Master of Computer Applications (MCA) is one of the most sought-after postgraduate programs in India, designed to equip students with advanced technical expertise and professional competence in the field of Computer Science. The program emphasizes the planning, design, and development of complex commercial and system software, while also strengthening functional knowledge across diverse domains of computing.

Graduates of MCA are well-prepared for dynamic roles such as Software Engineer, Programmer, Network Designer, System Analyst, Ethical Hacker, and IT Consultant, ensuring wide-ranging career opportunities in the ever-evolving technology sector.

At Kristu Jyoti College of Management and Technology, the MCA program is structured to nurture innovation, technical excellence, and problem-solving abilities. The institution provides a robust academic environment that fosters industry-relevant skills, empowering students to achieve higher levels of professional success in the IT sector.

With a consistent track record of academic excellence, the college stands as a premier destination for aspiring IT professionals, shaping talented individuals into industry-ready experts.

Program Overview

- Core Focus: The curriculum emphasizes the planning, designing, and development of complex commercial application and system software.
- Educational Approach: Beyond technical skills, the college focuses on functional knowledge and grooming students for advanced cyber skills and employability.

Career Prospects

The MCA degree is positioned as a prestigious qualification that opens diverse roles in the tech industry, including:

- Development: Software Developer, Web Developer, and Programmer.
- Specialized Roles: Data Scientist, Cloud Architect, Cybersecurity Analyst, and Ethical Hacker.
- Infrastructure & Analysis: Network Designer, System Analyst, and Database Administrator.
- Emerging Tech: The program highlights immense opportunities in AI, ML, and Blockchain technology.

Eligibility

The aspirants should hold a Bachelor's degree in Computer Science (BCA, B.Sc) or any degree with Mathematics at plus two level having more than CGPA 5.0 (50%).

Additional Skill Development

To supplement the regular University Syllabus, the Department of Computer Science offers specialized add-on courses:

- Technical Tracks: Web Page Design, Python with Data Science & Machine Learning.
- Practical Experience: Software Project Development.
- Career Readiness: Dedicated Aptitude Training to assist with placement preparation.
